Education:

Rutgers University - New Brunswick | B.S in Computer Science | Sept. 2022 - May 2026

Notable Coursework:

Systems and Infrastructure: Network Programming, Compilers, Data/Info Management, Computer Architecture, Internet Technology

Algorithms and AI: Artificial Intelligence, Computer Algorithms, Discrete Mathematics, Linear Algebra, Calculus I, II, III

Technical Skills:

Programming Languages: Python, Java, C, SQL, Javascript, HTML/CSS, Assembly, OCaml

Dev Tools and Infrastructure: Git, Github, MySQL, Linux, IntelliJ, Eclipse, PyCharm, Visual Studio, Conda, LaTeX, Docker

Spoken Languages: English (Fluent), Hindi (Fluent)

Projects:

Concurrent Web Proxy - Network Programming | C

Designed and implemented a multithreaded network proxy server in C using POSIX threads and socket programming to handle concurrent client - server connections while minimizing packet latency.

Maze Search Algorithm - Artificial Intelligence | Python

Developed and evaluated intelligent autonomous pathfinding agents in Python using A* Search, DFS, and BFS to optimize state space exploration in complex grid environments.

Online Travel Reservation System - Software Engineering | Java, SQL

Full cycle desktop application using Java (Swing) and a relational MySQL database backend to execute secure CRUD operations for user authentication and reservation workflows.

Network Scanner - Systems Engineering | Python

Asynchronous network scanning tool in Python designed to safely discover, ping, and analyze active IP addresses and devices on a local subnet.

Portfolio Website | HTML/CSS

Designed a responsive personal portfolio website using HTML5 and CSS3 to showcase technical software engineering projects and core competencies.

Work Experience:

Built By Me LLC - Computer Science and Robotics Instructor

Central New Jersey | Jan 2024 - Present

Instructed foundational computer science principles, object oriented programming in JavaScript, and robotics automation controls to foster critical STEM engineering skills.

Urban Air Milltown - Front Desk Associate / Event Host

Milltown, New Jersey | May 2022 - Jan 2023

Managed high volume front desk workflows, customer safety verification, and cross functional logistics for dozens of private events under strict time constraints.
